## THERE'S MORE THAN JUST ONE CHOICE WASHINGTON COLLEGE GRANT

Life after high school has more college and career education options than you might think! The new Washington College Grant isn't just for college students—it also supports income-eligible apprentices enrolled in approved programs. **Apprenticeships** can get you **on-the-job**, hands-on training for a **trade**, and Washington College Grant can help pay for **tuition**, instructional fees, and materials. Students have more access to **financial aid** than ever before. This means more students are eligible to receive **state financial aid**, and they have more options to choose from. Check **wsac.wa.gov/WCG** for more information.

## WHY SHOULD I GO TO COLLEGE?

There is a growing, **massive wage gap** between college-educated and less-educated young professionals. Young adults with an **associate's degree** earn an average of **\$5,000 more per year** than those with a high school diploma (Kena et al., 2016).

Young professionals with a high school diploma are **3 times more likely** to be unemployed than young professionals with a **Bachelor's degree.**

Individuals with a college degree are **much more likely to receive employer-provided health insurance** than those with only a high school diploma. The likelihood of reporting **health to be very good or excellent is 44% greater.**

A college degree can lead to a stronger community. Individuals with a college degree are **more than twice as likely to volunteer** as those with only a high school diploma. College graduates' **neighborhood interactions and trust are significantly higher.** (Lumina Foundation, College Bound Advocacy & Policy Center).

## GOOD TO KNOW:

**What you study in college matters.** Some degrees are in higher demand and lead to careers with higher pay. Currently, degrees in science, technology, engineering, mathematics (STEM), health and business lead to the highest entry level pay.

**OCT: GRADE 9 and 10**

# 1 ABOUT COLLEGE AND CAREER: COLLEGE AND CAREER CONNECTION

Individuals with a college **degree** earn **\$1 million more over their lifetime** compared to those with only a high school diploma. (Khan Academy, 2014).

## WHAT EDUCATION DOES MY DREAM JOB REQUIRE?

You can choose from hundreds of **majors** and **certificates**. Typically, most fall into two categories: **liberal arts** or **career-oriented**.

## CAREER-ORIENTED MAJORS OR CERTIFICATES

focus on developing particular skills and knowledge for **specific careers**

Marine biology

Culinary arts

Paralegal studies

Engineering

Dental hygiene

## \* DO RESEARCH:

Research different colleges to figure out which ones offer the certification program, major and/or degree that you need for your career. What you choose will impact how much money you earn.

## LIBERAL ARTS MAJORS

include literature, philosophy, history and languages. These majors are broader and can lead to various jobs that don't require specific or technical knowledge.

**English** – editor, marketing executive, writer

**Foreign language** – foreign service officer, translator, teacher

**Political science** – community organizer or activist, lawyer, policy analyst

**Psychology** – market researcher, social worker, mental health counselor

**ALL ABOUT WASFA**

Need help with our terms? See the [glossary](#) on our websites:

# 4 PAYING FOR COLLEGE: WAYS TO PAY FOR COLLEGE

## HOW MUCH DOES IT COST?

College costs are different at different schools. Each college estimates the **Cost of Attendance (COA)** by adding together some or all of the below expenses:

**Tuition Fees**

**Room and board**  
Transportation

Books and supplies  
Other living expenses

## HOW DO I PAY FOR IT?

The cost of college can be overwhelming, but there are many different resources to help you pay for college. People often use various sources of financial aid to pay for college in addition to what they may have saved or earn from their job. Financial Aid resources include any **grant or scholarship, loan, or work study** offered to help you meet your college expenses.

## HOW DO I QUALIFY?

### Financial Aid

- In order to be considered for financial aid, you need to complete the **FAFSA** or **WASFA** your senior year and every year while in college.
- Each college determines financial aid eligibility for federal, state and institutional types of aid based on awarding policies at that campus.

### Scholarships

- There are thousands of scholarships that can help you pay for college. Different scholarships have different application requirements. Most scholarships require that you complete the **FAFSA** or **WASFA**.

## TYPES OF FINANCIAL AID:

**Scholarships** – Money awarded to students based on academic or other achievements to help pay for education expenses. Scholarships generally do not have to be repaid.

**Grants** – A form of gift aid, usually based on financial need. A grant does not need to be repaid, unless, for example, you withdraw from a school and owe a refund.

**Work Study** – A financial aid program (federal or state) that allows a student to work on-campus or with approved off-campus employers to earn money to pay for **college expenses**.

**Loans** – Money you can borrow and repay over time, with interest added in most cases.

## KEEP IN MIND:

Knowing the different types of financial aid is only the first step. You may not need to take out financial aid to cover the full cost of attendance.

# 4 PAYING FOR COLLEGE: UNDERSTANDING FINANCIAL AID AWARD LETTERS

After filing the FAFSA or WASFA, you'll receive a financial aid award letter from each college you applied to. Your **financial aid** award from each college will be different. You will not know which school will fit in your budget until you review ALL of your financial aid **award** packages.

## TYPES OF STUDENT LOANS:

You can choose to fully or partially accept the different types of loans offered or decline them entirely.

**Subsidized loans:** The government pays the interest while you are in college. If you qualify, this is your best option.

**Unsubsidized loans:** Interest gets added to the amount you borrow as soon as you begin college.

**Parent loan:** A loan your parent can take on your behalf to pay for your **college expenses**. Your parent is legally tied to the loan and its repayment.

A **federal loan** has lower interest rates and better repayment options than a private loan and is determined by the FAFSA.

A **private loan** can come from banks, colleges and private organizations. Typically, they have higher interest rates and less favorable repayment options. Like unsubsidized loans, private loans gain interest as soon as you borrow the money.

## TYPES OF FINANCIAL AID:

**Scholarships:** Money awarded based on academic or other achievements to help pay for education expenses.

**Grants:** Form of gift aid, usually based on financial need.

**Work study:** On-campus or off-campus employment that allows you to earn money for **college expenses**.

**Loans:** Money you borrow and have to repay over time with interest.

## I got my award letter, WHAT NOW?

**1. Review the offer** and compare it against the expenses you need to cover. Some expenses listed in your **cost of attendance** (COA) will be billed by the college (**tuition**, room and board for dorms, etc.) while others, such as books and personal expenses, are recommended estimates.

**2. Inform the college of any financial changes** or private scholarships awarded since submitting your **FAFSA or WASFA**.

**3. Accept the awards** for the college you're planning to attend. Make sure you know about the deadlines for accepting your financial aid offer.

## GOOD TO KNOW:

Accept grants, scholarships and work study before loans to reduce your debt after college. Avoid private loans and credit cards, if possible.

\* COA

Need help with our terms? See the [glossary](#) on our websites:

# ENROLLING IN COLLEGE: MAKING YOUR DECISION

You've submitted your college **applications** and now the waiting game starts. This can take anywhere from a month to several months, depending on the type of school. Colleges will likely communicate their decision through email, mail or their online portal. Don't forget to check with the college admissions department if you have questions.

## I JUST RECEIVED A DECISION FROM A COLLEGE, WHAT DOES IT MEAN?

**Admitted** – You were admitted. Congratulations!

**Waitlisted** – You have not been accepted or denied. The college is waiting to see how many students will accept their offer to determine if they have more space.

**Denied** – You were not accepted. Consider exploring other college options.

**Deciding what college to go to can be difficult, but finding the right school for you will help you succeed and graduate. Talk to your high school counselor about your options.**

## HOW DO I COMPARE COLLEGES?

### Financial:

Consider how much of the cost of attendance will be covered by **grants** and **scholarships**.

Think about how you and your family will cover the money gap for your entire college education.

### Academics:

Check if the academic **major** you are interested in is available at the college. Consider the types of **academic support** available (e.g. writing center, math tutoring, disability services, etc.).

### Social:

Determine if the college is a good social and cultural fit for you (e.g. diversity, student groups, mentorship opportunities, etc.).

Think about what type of environment you like (close to home, big campus, rural setting, etc.).

**MAR:** GRADE 12

## \*DON'T FORGET:

Once you have made your college decision, you must **notify the college by confirming your enrollment**.

For many 4-year colleges the deadline is May 1.

**GOOD TO KNOW:** This is one of the biggest decisions you will make in your life. **Take time to think through** what each college has to offer. Don't be afraid to get input from family members, teachers or mentors.

# ENROLLING IN COLLEGE: TRANSITIONING TO COLLEGE

You've been accepted to the college you'd like to attend, but there are still many steps to take before you start your classes.
