10TH GRADE TIMELINE

SEPTEMBER  ALL ABOUT HIGH SCHOOL
Learn about what you need to graduate and how to be successful in high school.

OCTOBER  BENEFITS OF GOING TO COLLEGE
Explore the benefits of going to college and learn about how a college degree or certificate can help you get a job.

NOVEMBER  TYPES OF COLLEGES / ALL ABOUT APPRENTICESHIPS
Discover the different types of colleges and training options there are to choose from.

DECEMBER  BUILDING YOUR COLLEGE PROFILE
Focus on doing well in high school, staying organized and getting involved in activities.

JANUARY  PICKING THE RIGHT HIGH SCHOOL CLASSES
Talk with your counselor, family and friends about your post-high school plans.

FEBRUARY  ALL ABOUT COLLEGE BOUND / THE COLLEGE BOUND SCHOLARSHIP PLEDGE
If you signed up, learn about the College Bound Scholarship and the Pledge.

MARCH  COLLEGE AND CAREER CONNECTIONS
Understand how what you study in college can get you the job of your dreams.

APRIL  WAYS TO PAY FOR COLLEGE
Learn about different types of money that can help you pay for college.
High school is a time to build your skills and explore your interests to prepare you for life after high school. In order to graduate there are requirements you must meet and it’s important to become familiar with them.

WHAT DO I NEED TO DO TO GRADUATE FROM HIGH SCHOOL?

Earn required credits – Students in Washington State must complete a minimum of 24 credits to graduate from high school. However, your high school may have slightly different credit requirements.

Meet standard on state assessments – You must take and pass state assessments in English language arts, math and science or take and meet standard through one of a variety of state-approved alternatives.

Complete your High School and Beyond Plan – Starting in 7th or 8th grade you will create a plan to help you think about your future and choose classes that prepare you for your goals after high school.

TIPS:

* What you do in high school can influence your future
* Pay attention in class and keep track of your grades
* Use a planner to stay organized and write down assignments, due dates and other responsibilities
* Don’t be afraid to ask for help. Be an advocate for yourself and ask for support from your counselors, teachers, family members and mentors.

SOME SCHOOLS HAVE ADDITIONAL GRADUATION REQUIREMENTS

Check with your school counselor to see if you have any other requirements to earn your diploma.

Cumulative Grade Point Average (GPA) – The College Bound Scholarship and some school districts require at least a 2.0 GPA to graduate. The higher your GPA, the more college and scholarship options you will have available.

Service learning – You may need to complete service learning hours, where you give back to the community and reflect on your experience.

SEPT: GRADE 9 and 10
A college **degree** will help you **get higher-paying jobs and get hired faster**. Getting a college degree or a **certificate** may be the best thing you can do for your future.

**WHY SHOULD I GO TO COLLEGE?**

**GET A BETTER JOB FASTER**

Washington state has the 7th fastest growing economy in the U.S. There will be **740,000 job openings** in this state in the next 5 years (Boston Consulting Group & Washington Roundtable, 2016).

By 2020, **70% of ALL jobs** in Washington will require at least some college education (Carnevale, Smith & Strohl, 2015).

**99% of new jobs** between 2010 and 2016 went to people with more than a high school education (Carnevale, Jayasundera, & Gulish, 2016).

Young professionals with a high school diploma are **3 times more likely** to be unemployed than young professionals with a **Bachelor’s degree** (Taylor, Fry & Oates, 2014).

**MAKE MORE MONEY**

There is a growing, **massive wage gap** between college-educated and less-educated young professionals (Taylor, Fry & Oates, 2014).

Young adults with an **associate’s degree** earn an average of **$5,000 more per year** than those with a high school diploma (Kena et al., 2016).

**91% of “career jobs”** in Washington State (jobs that require higher skills and pay $60,000 to $100,000 per year) will be filled by workers with a college degree or some college (Boston Consulting Group & Washington Roundtable, 2016).

<td>$75,452</td>
</tr>
</tbody>
</table>

**GOOD TO KNOW:**

What you study in college matters. Some degrees are in higher demand and lead to careers with higher pay. Currently, degrees in science, technology, engineering, mathematics (STEM), health and business lead to the highest entry level pay.
WHERE SHOULD I GO FOR COLLEGE?

The term college includes technical colleges, 2-year community colleges, vocational or trade schools and 4-year colleges or universities. There is not one type of college that is perfect for everyone, so it is important to explore your options.

Private 2-year College/Vocational/Trade Schools
Private 2-year, vocational or trade schools provide education for a specific career. Students that graduate from these schools can become a chef, massage therapist, or paralegal.

Public and Private 4-year College/University
These schools offer bachelor's degrees, usually completed in 4 years of full-time study. Private schools typically charge a higher tuition but can offer a significant amount of scholarships to make attendance affordable. Students that graduate from these schools can become a robotics engineer, business analyst, or nutritionist.

Make sure to review ANY school's accreditation and job placement rates.

This chart shows common characteristics for each type of college in Washington state.

Some CTCs now offer bachelor's degrees.

40% of 4-year graduates in Washington started at a community college.

ABOUT COLLEGE AND CAREER: TYPES OF COLLEGES

Community and Technical Colleges (CTCs)
These schools offer associate's degrees and certificates, including for specific trades. Washington state has 34 public CTCs. Students that graduate from CTCs can enter many careers, such as nursing, automotive repair and cybersecurity.

Learn more about the programs they offer at checkoutacollege.com

Make sure to review ANY school’s accreditation and job placement rates.

**OCT:** GRADE 11
**NOV:** GRADE 9 and 10

Winter 2019
Winter 2019

*40% of 4-year graduates in Washington started at a community college.*
In an apprenticeship, you can earn money while learning through a combination of hands-on, on-the-job training (OJT) and related academic classes. Apprenticeships are competitive and rigorous, and are typically more demanding than internships.

Apprenticeships are offered by employers (such as Boeing), trade unions (such as electricians or roofers) and independent programs. Programs typically last 2-5 years and are a good way to start a career in a well-paying field. Apprenticeship programs offer certifications, licenses and/or college degrees.

WHAT JOB CAN I GET AS AN APPRENTICE?
Apprenticeships are available in a variety of industries, such as aerospace, advanced manufacturing, construction, energy and marine technology. Examples of careers include:

- Aircraft mechanic
- Automotive mechanic
- Bricklayer
- Carpenter
- Cement mason
- Electrician
- Fire fighter
- Plumber
- Truck driver
- Welder

HOW MUCH WOULD I GET PAID?
Apprentices earn money while in the program; the pay increases as they progress. Upon graduation, they become “journey-level” workers.

Starting apprentice – minimum $18/hr + benefits (e.g. medical, dental and vision)
- For example, Seattle City Light apprentices earn at least $30/hr to start.

Journey-level worker (apprenticeship graduate) – minimum $30/hr + benefits (e.g. medical, dental, vision and retirement)
- For example, King County plumbers and pipe fitters earn around $77/hr while cement masons in Yakima earn $40/hr.

1 Make sure you meet the requirements. Generally, these include:
- High school diploma
- Specified abilities (may require math)
- Valid driver’s license and reliable transportation

2 Find a program and apply.
- Each program has unique procedures for applying.
- To learn more about the process, talk to your high school counselor or visit apprenticeship.lni.wa.gov

OCT: GRADE 11
NOV: GRADE 9 and 10
Colleges don’t only consider your grades. They want applicants who contribute to the campus and/or the community. Specific activities can make you a more competitive applicant and help you build your work resumé. They should also be documented in your High School and Beyond Plan that is required for high school graduation.

WHAT KIND OF ACTIVITIES SHOULD I PURSUE?

- Athletics
- College access programs
- Community service
- Faith-based/religious programs
- Family responsibilities
- Jobs or internships
- Music, drama and arts
- Summer programs
- School clubs
- Student government

WHAT IS AN ACTIVITIES LOG/RESUMÉ

Some applications require an activities log/resumé. This list of your extracurricular activities provides a sense of your involvement in and outside of school. You should also include a short description of your involvement for each activity.

start to keep track...

- Robotics club
  - president
- mechanic internship
  - from Jan to March ’17
- wood club leader

Keep in mind: Your activities log/resumé can also be useful when you apply for scholarships and jobs.

GOOD TO KNOW:

The level of commitment and leadership in your activities matter more in the admission review process than the number of activities.

NO TIME?

Colleges understand that many students have work, family and other responsibilities. Many applications include a section where you can write about yourself or your circumstances. For example, many students need to work multiple jobs to support their family. This is considered leadership.

Share your experience!
The classes you take in high school prepare you for your post high school plans. Whether you choose to pursue an apprenticeship or a technical, 2-year, 4-year college, or military academy, you will want to learn their admission requirements.

WHAT CLASSES SHOULD I TAKE?

WHAT ARE COLLEGES LOOKING FOR?

MATH IS IMPORTANT:

- Most college programs, apprenticeships, and military options require you to take math. Taking more math in high school may mean taking less math in college and opening more post-high school options.
- Over 50% of high school graduates are not ready for college-level classes.
- Taking four years of high school math will help you get ready for college and can help you save on tuition costs!

THINGS TO KNOW:

- Your high school graduation requirements may not be the same as college admission requirements.
- 4-year colleges have the most selective requirements.
- Technical and 2-year colleges have less selective requirements.

REMINDER:

- A challenging class schedule, including courses where you can earn college credit. Examples include, Advanced Placement (AP), International Baccalaureate (IB), Cambridge International, College in the High School, Running Start or CTE Dual Credit (formerly Tech Prep) that can lead to a career credential or associate’s degree.
- Electives that match your career and college interests including career and technical education programs of study.
- Some colleges may have additional entrance or admission requirements such as taking the SAT or ACT.
- Consider taking academic classes for your elective requirements such as foreign language and/or multiple lab sciences.

JAN: GRADE 9 and 10
The College Bound Scholarship is a commitment of state financial aid to eligible students and is a four-year scholarship (12 quarters/8 semesters). Students would have applied in middle school before the end of their 8th grade year and commit to meeting the College Bound Pledge in high school to receive the scholarship. College Bound combines on your award letter with other state financial aid to cover tuition (at public college rates), some fees and a small book allowance. Find other eligibility requirements at collegebound.wa.gov

**DOES COVER:**
- Average cost of tuition (at public college rates)
- Some college fees
- Small book allowance

**DOES NOT COVER:**
- Housing
- Meal plan
- Transportation
- Healthcare insurance
- Non-mandatory fees

**WHERE CAN I USE IT?**
The College Bound Scholarship can be used at over 60 2- and 4-year public and private colleges, universities and technical programs in Washington state.

**GOOD TO KNOW:**
You must use the College Bound Scholarship within 1 year of high school graduation.

**WHERE CAN I USE IT?**
In the 2018-2019 school year the maximum College Bound Scholarship award amounts look like this:

<table>
<thead>
<tr>
<th>College Type</th>
<th>Potential Scholarship Dollars</th>
</tr>
</thead>
<tbody>
<tr>
<td>Public 4-Year Research Colleges (for example: University of Washington)</td>
<td>Up to $11,009 per year</td>
</tr>
<tr>
<td>Public 4-Year Comprehensive Colleges (for example: Western Washington University)</td>
<td>Up to $7,515 per year</td>
</tr>
<tr>
<td>Community and Technical Colleges (CTCs) (for example: Spokane Community College)</td>
<td>Up to $4,516 per year</td>
</tr>
<tr>
<td>Private 4-Year Colleges (for example: Pacific Lutheran University)</td>
<td>Up to $11,904 per year</td>
</tr>
<tr>
<td>Private 2-year Colleges (for example: Perry Technical Institute)</td>
<td>Up to $4,516 per year</td>
</tr>
</tbody>
</table>

College Bound Scholarship: The Pledge

Remember That Time in 7th or 8th Grade

When you signed a pledge to go to college? We haven’t forgotten about you. Here is what you need to know about the pledge for the College Bound Scholarship.

How Do I Get It?

After completing the application in middle school, eligible students must fulfill The College Bound Pledge:

- Graduate from a Washington state high school or homeschool program with at least a 2.0 GPA. If you were in foster care at any point after 7th grade, please visit readysetgrad.org/fostercare to learn more about additional options.
- Be income eligible, as determined by your college with the information from your FAFA or WASFA. You can view income requirements by visiting readysetgrad.org/cbs-mfi
- Have no felony convictions
- Get accepted to and go to one of the over 60 colleges or universities or programs within one year of graduating high school. Visit readysetgrad.org/eligible-institutions for a complete list of eligible schools.

College Bound Overview

The College Bound Scholarship is a commitment of state financial aid to eligible students to cover average cost of tuition (at public college rates), some college fees and a small book allowance and is a four-year scholarship (12 quarters/8 semesters). Students apply in middle school before the end of their 8th grade year and commit to meeting the College Bound Pledge in high school to receive the scholarship. College Bound combines on your award letter with other state financial aid to cover tuition (at public college rates), some fees and a small book allowance.

Good To Know:

You must use your College Bound Scholarship within 1 year of high school graduation.

If you have questions about the College Bound Scholarship, please contact the Washington Student Achievement Council at collegebound@wsac.wa.gov or 888-535-0747 option 1 or visit collegebound.wa.gov

* FEB: Grade 9 and 10
WHAT EDUCATION DOES MY DREAM JOB REQUIRE?

You can choose from hundreds of majors and certificates. Typically, most fall into two categories: liberal arts or career-oriented.

LIBERAL ARTS MAJORS

include literature, philosophy, history and languages. These majors are broader and can lead to various jobs that don’t require specific or technical knowledge.

English – editor, marketing executive, writer
Foreign language – foreign service officer, translator, teacher
Political science – community organizer or activist, lawyer, policy analyst
Psychology – market researcher, social worker, mental health counselor

CAREER-ORIENTED MAJORS OR CERTIFICATES

focus on developing particular skills and knowledge for specific careers

Marine biology
Culinary arts
Paralegal studies
Engineering
Dental hygiene

DON’T KNOW WHAT YOU WANT TO DO YET?

1 Think about your interests.
List job ideas and interests and then research how they can connect to a job.
Visit careerbridge.wa.gov to explore careers.

2 Determine how to qualify for different jobs.
Learn job requirements (skills, classes, specific degrees or training, etc.)
Talk to a career counselor, mentor or family member.

3 Get experience.
Volunteer, get an internship or job shadow.

*DO RESEARCH:

Research different colleges to figure out which ones offer the certification program, major and/or degree that you need for your career. What you choose will impact how much money you earn.
HOW MUCH DOES IT COST?

College costs are different at different schools. Each college estimates the **Cost of Attendance (COA)** by adding together some or all of the below expenses:

- Tuition Fees
- Room and board
- Books and supplies
- Transportation
- Other living expenses

HOW DO I PAY FOR IT?

The cost of college can be overwhelming, but there are many different resources to help you pay for college. People often use various sources of financial aid to pay for college in addition to what they may have saved or earn from their job. Financial Aid resources include any grant or scholarship, loan, or work study offered to help you meet your college expenses.

**Types of Financial Aid:**

- **Scholarships** – Money awarded to students based on academic or other achievements to help pay for education expenses. Scholarships generally do not have to be repaid.
- **Grants** – A form of gift aid, usually based on financial need. A grant does not need to be repaid, unless, for example, you withdraw from a school and owe a refund.
- **Work Study** – A financial aid program (federal or state) that allows a student to work on-campus or with approved off-campus employers to earn money to pay for college expenses.
- **Loans** – Money you can borrow and repay over time, with interest added in most cases.

HOW DO I QUALIFY?

**Financial Aid**

- In order to be considered for financial aid, you need to complete the **FAFSA** or **WASFA** your senior year and every year while in college.

- Each college determines financial aid eligibility for federal, state and institutional types of aid based on awarding policies at that campus.

**Scholarships**

- There are thousands of scholarships that can help you pay for college. Different scholarships have different application requirements. Most scholarships require that you complete the **FAFSA** or **WASFA**.

KEEP IN MIND:

Knowing the different types of financial aid is only the first step. You may not need to take out financial aid to cover the full cost of attendance.
